Friend and Sister

This is to let you know that I am
much rejoiced to see friend Joseph Clark come
by the way of our fire place & bring our girls home
I cannot but bless the great good spirit for
his great kindness & goodness in preserving our
long absent girls from various dangers &
that they have found favour in the sight of
our good friends as to take them under their
benevolent care, and instruct them in good
things and ways. I acknowledge that you have
done a great deal for us, out of love to the
great good spirit and your fellow creatures --
that we poor natives might as it were rise up
and walk and follow the good path which
you follow, by which I always feel thankful
and hope you will not lose your reward in
heaven. I feel our obligations are increased
as our advantages are increased to serve God
in sincerity and in truth. The religion is
somewhat low amongst us but Christians
seem to keep on still. There has been but a
few careless ones stirred up for soul concern
since your young men left us who were

our hearts - We are all well, and the great

We are happy to see our good friend Joseph

under the care of our friends - I often thought
of you since you left our ~~for~~ Country. I wish
all the women in the world as well as men
become such as you are, followers of the great
good Spirit then it would be all Brothers and

humble submission to the great good spirit is
