Dear Sister

I take this opportunity to inform you that we received your kind letter with great delight. We are all well, and the good Spirit has blessed our labors. The summer passed with good crops. We are happy to see our good friend Joseph Clark and also our young women who were put under the care of our friends. I often think of you since you left our country. I wish you all the women in the world as well as men become equal as you are, followers of the Great good Spirit. Then it would be all Brothers and Sisters. How beautiful! This would be&ldquo; humble submission to the great good Spirit&rdquo;
